

DRESS STANDARDS

Members and visitors are requested to change in the facilities provided, either in the locker rooms or in the driving range.

Mobile phones must be switched to silent and be used only in case of emergency.

Player's dress on the course must be smart and of an acceptable standard normally associated with the game of golf. We also expect golfers to display courtesy, etiquette and sportsmanship at all times. This is the spirit of the game.

Starting at the top, peaked caps should be worn the right way round – please.

Shirts should have a collar, polo neck or modern style mock neck, and should be tucked into the waistband.

Golf shoes must be worn, with hard or soft spikes, or a ribbed sole.

No denim jeans, track suits, camouflage or cargo trousers, or the like. Trousers must not be tucked into socks unless covered by wet weather trousers.

No denim shorts, beach shorts, camouflage or cargo shorts, or the like.

Mobile phones should be switched to silent, and should be used for emergency use only.

(Ladies should take note of their own particular by-laws regarding standards of dress, as posted in the Ladies locker room.)

Enjoy your game. You will help others enjoy theirs if you follow these simple Bye-Laws.
